Championship Series Teams and Liveries

iRacing recognizes the importance of teams to each of its World Championship series, as drivers work together to build setups before each race event to produce a more exciting and competitive show. iRacing does not make an effort to assign which drivers are competing with which teams in World Championship events. However, iRacing reserves the right to limit the amount of cars in any given series that are carrying the same team insignia or primary sponsorship on a case-by-case basis.

All team liveries shown on official race broadcasts are subject to iRacing approval and can be rejected for any reason. iRacing will communicate a deadline for livery submissions to each driver in a separate bulletin prior to the start of the season. For parties looking to be involved with a World Championship series on a larger level, sponsorship of the series itself is available.

Championship Series Officiating

Race Review

Every race will be reviewed by the Race Director live and/or through replay/broadcasts.

iRacing may take action against a driver for rules infractions or any action deemed detrimental to the series including but not limited to points adjustments, suspension or other penalties.

Protests

Drivers may file a protest to the Race Director (race.director@iracing.com) with a detailed description and a replay for review if one suspects misbehavior or violations to the sporting code.

By participating in this series, every driver agrees to accept the decisions of iRacing.com.

A driver who is suspended based on incidents in this series may or may not also be suspended from iRacing.

The race director will only communicate with impacted team drivers about incidents, race rules and any series related competition questions.

Appeals

Only a driver that has been penalized may appeal a decision.

A driver may appeal a protest decision by e-mailing race.director@iracing.com with details on why they think the wrong decision has been made.

Appeals must be made within 48 hours of the incident report being posted.

iRacing may take up to 7 days to rule on any appeals.

Appeals are reviewed by the appeal board which is independent of the race director.

All decisions are final.

Claiming Championship Series Prizes

Payment of Championship Prizes

Unless otherwise agreed between an iRacing member and his/her team, all championship earnings will be paid directly to the iRacing member who won the championship prize at the end of the season. Upon request by a team that employs an iRacing member, with the consent of the iRacing member, and at iRacing's discretion, iRacing may pay championship earnings directly to such team, but only if the team (a) provides documentary evidence to iRacing that unambiguously authorizes such payment, (b) indemnifies, defends and holds harmless iRacing from competing claims for championship prizes, (c) submits the affidavit of eligibility and other documentation specified below and (d) provides any specific documents and materials iRacing deems needed or appropriate for iRacing.com to comply with all tax reporting and withholding requirements, which for non-U.S. members or teams, may include an affidavit from the member or team, as applicable, that confirms such person or team is not a U.S. person and that such prize is not related to commercial activity in the United States.

Each prize winner will receive confirmation of his/her prize, with instructions on how to claim the prize, via email sent to the email address associated with his/ her membership within ten days after the season ends. Each winner (or a team acting on behalf of a winner) may be required to sign and return an affidavit of eligibility, liability waiver and publicity/intellectual property release within ten days of the date of winning notification. If a winner (or a team acting on behalf of a winner) is found to have violated any of the iRacing Rules, is otherwise disqualified, cannot be reached, or fails to take all actions required to claim the prize within the times specified, that winner will forfeit the prize and an alternate winner may be selected by iRacing. Winners will be announced as soon as feasible after all winners have been qualified.

A driver must be in good standing at the season end as determined by iRacing to be eligible for any prizes. Examples of drivers who may be deemed ineligible for prizes are drivers who are suspended from the series, or drivers who miss races without a waiver, especially the final race of the season.

Driver Expectations

Drivers will be invited to the eNASCAR Coca-Cola iRacing Series based on their competitive results and being a positive member of the iRacing community, as determined by iRacing. Drivers are required to represent the series and their team in a positive fashion in order to maintain their Pro and World Championship licenses. There is a very high level of competition and high community profile in this series; consequently, there are multiple additional conduct rules above and beyond the normal that exist only at this level. It is expected that each driver in this series will treat other drivers, teams, iRacing officials, employees, NASCAR, sponsors and the community with respect on and off the race track and will not bring the sport or iRacing into disrepute via their actions. The iRacing.com FIRST Sporting Code is in full effect for these series as applicable.
